

# Team Autism

M E M P H I S

Team Autism Memphis (**TAM**) is an outpatient clinic supporting families while providing services for autism and related disorders. Our team spends time on site at area schools, pre-schools and daycare centers providing services as well.

TAM offers a family-based, comprehensive approach to meet the unique needs of each child. Success comes from treating the family in every individual unique case.

Founded by trained and experienced therapists who advocate for a developmental approach, TAM works with other clinicians, families and educators to provide the best possible outcomes. Our therapists facilitate the development of positive strong relationships, self-esteem, emotional regulation, and learning.

## ABOUT OUR FOUNDERS:

**Nancy Massey** is the co-director of TEAM Autism Memphis and owner/director of Germantown Speech Language & Learning Clinic. She received her M.A. degree in Speech – Language Pathology from the University of Missouri-Columbia. Nancy is certified by the American Speech – Language -Hearing Association (ASHA) and licensed by the State of Tennessee. Nancy has a lengthy clinical background as well as having received many hours of continuing education. She has extensive experience in the areas of Language/Auditory Processing Disorder, Autism Spectrum Disorders, as well as Childhood Apraxia of Speech (CAS). Nancy is a PROMPT Certified Clinician, Compton P-ESL certified, and an Interactive Metronome and Cogmed provider.

**Heidi Hosick Joyce** is the co-director of TEAM Autism Memphis and Founder/CEO of Independent Therapy Network. For 30 years she has specialized in the assessment and treatment of individuals with developmental disabilities in their natural environments. Her professional energy has been spent in training paraprofessionals and families to maximize carryover of treatment plans. Heidi's specialty training in AAC and Autism Spectrum Disorder treatments is enhanced with a consistent team approach to meet the client's needs. She received her M.S. in Audiology and Speech Language Pathology from Bowling Green State University in Ohio and is certified by ASHA as well as licensed in several states as a speech pathologist and audiologist.
